(R)EINHEITSGEBOT # 29

ENGLISH TRANSLATION

While some are being confused by the **DEMONstration** (german for: protest) - spectacle, the renewed occupation of the capital of the coming kingdom of light by that corrupter, and perishing with all this deceit, the other "Hooray, I'm in!" - Screechers fall victim to the PEACE-TREATY – Deception.

YOU foolish, foolish man, inattentive woman, **YOU**.... Have you all still not learned anything!? Have you, and this question is well thought out and quite serious, been involved in a fratricidal war? When did **YOU** march against Russia in hostility and under whose leadership? Within which period, what nation was affected **BY YOU**? Here please specify period, course, damages etc. Doesn't anybody understand, what is being pretended to us in the WORLD-POLITICS? Is there not a single truly awakening spirit, who dares to understand the bright words of our ISAIS?

President Putin (actor role) is not the Russian brother folk, Trump (also) is not at all the one representing our allied American people. Both of them are quite good actors on the world stage, but are acting on behalf of a third party, trying to deceive you into distraction, to affect you repeatedly in a negative way in the interest of the power behind them, making sure **YOU**, the GERMAN slaves mainly (but also all other believers), are bound again in firm contracts. Predominantly that invisible dark power clings to those known as Germans, worker bees, since they promise the occupier unimaginably high yields with the lowest resistance, because: GERMAN = STUPID. A direct hit for the economic conglomerate.

If you haven't studied my writings so far - it's high time - then a bright lamp will light up! Remember the words of Sajaha, telling us one will come along, who will bring the few "*lonely righteous the light.*" Take this, internalize it, understand and act in conformity of the cosmic PURITY, if you do not want to be deceived!

What do **YOU** know about contracts?

For example, a warlike treaty of attack between two trading companies merely represents a contract with, for example, economic or geopolitical interests. It can also happen, that the licensee, who administers the area, wants to thin out his rebellious people, wanting to hit the table with his fist, thus creating stronger bonds (dependencies) on his subjects. Then war is on, people, animals and plants die, the against-each-other nourishes the Scheitan for a certain time. After the war, all subjects (=subhumans!) are suddenly happy again, as long as the war is over. Everything will be done, to please the ruler, who unconditionally and unselfishly generous has saved the people from the evil muddle. That the supposedly bighearted man was actually the one, that declared war against the ignorant "FOLLOW!", such audacity is never expected from the LEADER/FÜHRER (well, is it dawning on you finally?).

One side of the two rivals proclaims war, attacks, thus acting according to the previously proclaimed contract, which in retrospect curries favour on both sides of the control. The other side enters into the contract, defends itself, also in accordance with the points previously negotiated. A so-called NATION always needs an equivalent, an opponent, to be able to assert a contract. No NATION will normally wage war against itself, although this has also happened in history to fool the stupid "FOLLOW!".

A war does not necessarily have to be declared long beforehand. If there is an attack by an aggressor (contract partner), this attack is declared as an "act of war" and of course promptly RE-acted to. From this, according to international law of the HAAGER LANDKRIEGSORDUNG, HLKO, there are other correspondences, such as reparations. One more question on this: When did **YOU** join the HLKO, yes, **YOU... YOU, privately?** Do you understand my thought?

A PEACE TREATY presupposes: That YOU, yes YOU, were in a warlike conflict with others.

Think quickly and carefully, dear comrade, when within **YOUR LIFE** was that state of war, in which **you marched armed** against other "nations"? When, answer my question! The absence of a war waged by you within your lifetime also makes unnecessary the consent to a peace treaty. Don't you understand that?

The Yahweh, as the only entity disturbing all peace, together with his dark servants, naturally wants the total communal enslavement of every "FOLLOW!" on earth, unite these PERSON MOTHs (!) feeling they belong to one of those "FOLLOW!", to then, in the second part of a possible war, jointly turn them against each other by means of smear campaigns. Only under the authority of the media smear campaign houses of the "*children of the devil*" it was possible in both parts of the overall war of the 20th century to artificially create the largest fratricidal war known to us, with results, which have not even been settled today.

From attack, blackmail and destruction of the basically loving people of our home country - and the one of the brother folk - subsequent claims emerged in OURSELVES or rather, in the people, who lived then and numerously died. An almost unquenchable mental and emotional imbalance in the development of the lightful people has resulted from that, which set back that high and striving spirit for generations, if not even by thousands of years.

The former poet and thinker, the mindful soul is these days walking around with slavish subjugation muzzles, due to the new regulations of nasty origin, defending an ILLU-SION directed against LIFE generated by the same Satanists in the Third World, against the few FREE-Thinkers.

Didn't we recently learn the difference between the true light = ILU and the devilish modification of this, the ILLUminati. Those, among many other malevolent members of the Schaddein, created this ILLU-deception, which lead the pathological rabble, or, as the Sajaha calls it: "The earthly world living in poison", once highly spiritual beings, into the trap of the DEVILISH CIRCLE, as a result of their imbecility.

And with this we have arrived, not for the first time, at the public disaster of the man, who is lamenting for his head and neck, HaJo Müller, who is trying to pull the people living TODAY under pretext into a sudden BACK to the war – away from the HERE and NOW - in order to be certain of approval of the population in regards to a PEACE-TREATY, even though today's living "Germans" could have at no time (except very few exceptions still living in this world) been at war with some nation. If his definition is different, it is factually and logically completely impossible.

Using various lures, such as the repeatedly mentioned "prosperity", and also "protection of the population", these Internet activists are trying to take advantage of the oppressive situation of the people living in the German prison of Zionist slavery. By means of war propaganda (!) they offer a possible straw in the swamp, namely: a new treaty to bring the Germans under a unambiguous and future binding slavery in the future.

HaJo never raised the subject of REPARATION DEMANDS ON BEHALF OF THE GERMAN, even though the racial corpus of a variety of german tribes, referred to as "Deutsches Volk" (German people) was forced into a commercial company twice already for the purpose of overall debt, did not start any of the two wars and was forced by the Satanicum to defend against brothers, and by means of the cosmic DUTY to defend and as protection against the own extermination was

mistreated physically, mentally and emotionally like no other "FOLLOW! DEUTSCH, after two parts of a macabre artwork of Yahweh and his servants, lay on the ground again, no different than in today's Third War.

But: hundreds of trillions in precious metals in reparations are to be given to the folk of light as compensation today, on top of that, manpower of the numerous attackers for several thousand years. The "smoking good" has not expressed intention to light one single candle in the heads of his many mindless "fans" in this regard. In the same manner not much more than POLI-TICS (=multiple-Ticks) seems to exist in the mind of this lecture mannequin.

POLI-TICS serve only for the appropriation of the most inferior, the mass of the "FOLLOW", who will never know their cosmic SELF-VALUE. Whoever seeks ones salvation in such an environment, is already lost. One is friends with other men and women voluntarily, out of love for other people, or not. The *diversely scattered TICS* can not and do not want to determine cosmic friendship, brotherhood and peace. Without POLI-TICS, all people would have long since become a loving and mutually respectful society of living beings, who would not have approved wars against each other for thousands of years in any form. Only POLI-TICS created the UN-holy for Irtha and its inhabitants and now you want to tap again into the colourful traps of the deceptive game of the trained performer-PERSONAL, just because the word "PEACE" is used in a contract-clause, that limits you from now on? Are you really that naive?

Whoever is sure to enter into a contract, should first of all know exactly what benefits are to be gained from the contract for him. "Prosperity" and "protection" as tasty tidbits naturally sound better, than Jewish-Zionist Kasner-undermining, understandably, but are we, the members of the only people of light, not capable of much more than just begging for a contract?

Think what happened to those attackers in those days, if they dared to conceive an act of aggression against us. Immediately they were punished justly, since us pure tolerated no deviations from perfection. And today, we're going to humiliate ourselves again, since the big boys in the schoolyard could come up to us and beat us up. My answer would be:

"Come on up to me, then we will see."

No one, I can promise you that, would attack our home again today. The Third World War is a silent one, one whose weapons lie only in the left wing propaganda rooms of the writing-stallions of Zion-Media, but that, my dears, we can do much better than them, since the truth has always been easier to understand and requires no energy to maintain. The inferior ZION of the past has abdicated, only we must be attentive, not to buy into it again with our voluntary will.

The lightful power, which will establish the coming empire of light between Berlin, Vienna and Paris, is already powerfully united in and around us, and also the reason why none of the supposedly great ever again would wage a war against us - unless, under a death wish - since their chance of victory is zero.

For this reason alone, POLI-TICS is trying to destroy our people and to lure the most valuable homeland of Irtha again under free will into a contract, because the German will is that of a God.

No weapon, not even that of the power of light, is powerful enough to overcome voluntary stupidity!
